

Legislation
Professor Rao

For our first class, January 13, please read and be prepared to discuss Eskridge, Frickey & Garrett, *Cases and Materials on Legislation* (4th ed.), pages 38-47 and 82-121. In addition, read pages 24-37 as background on how a bill becomes a law.

Please sign up for TWEN, as this is the method I will use to email students and post occasional changes to the syllabus.
