Property Fall 2021

Course Time and Location

Monday and Wednesday, 1:50-3:50 PM
Room 120

Reading Materials

Textbooks: Jesse Dukeminier, Mark Krier, Gregory Alexander, Michael Schill and Lior Strahilevitz, *Property*, (Aspen, 2018), 9th ed. (listed as “DK” in syllabus); Robert Ellickson, Carol Rose, and Henry Smith, *Perspectives on Property Law*, (Aspen 2014), 4th ed. (listed as “ERS”). Available at GMU Book Store and online.

Cases marked as being on TWEN can be accessed from the class TWEN site, directly from the syllabus there. These cases can also be accessed on Westlaw and Lexis, if you prefer. Several other items on the reading list are available on TWEN, under the “Course Materials” heading.

Grading

Grades will be based on a combination of the final exam and class participation. Specifically, the course grade will be the final exam grade plus a bonus for good class participation worth up to as much as about one half of a letter grade on your final grade for the semester.

The final exam will consist of essay questions and short identification questions. Further details of the final exam will be announced later in the semester. Class participation will be assessed on a combination of quantity and quality. Further details on class participation and final exam grading will be provided during the course of the semester.

Assignments

Although I will try to stick to the schedule, we may occasionally fall behind. In such an unfortunate event, we will begin the next class with the next case or other reading on the

syllabus, unless I say otherwise. The same procedure applies if we have a class cancellation due to inclement weather, the coronavirus crisis, or any other unforeseen event.

Office Hours

I will be holding in-person office hours this semester, unless university policy changes in ways that prevent it. If you need to speak with me but cannot do so during office hours, please let me know and we can arrange an alternate time. We can also talk by Zoom, Skype, or other similar platform, if you prefer. On a few occasions, the office hours time may need to be moved to a different date or time in a given week. If so, I will inform the class in advance.

Learning Outcomes

Students will be expected to learn the basics of a variety of aspects of American property law. They will also come to understand key aspects of the real-world impact of property law, and consider the opposing views on a number of controversial issues in property jurisprudence and policy.

Recording

I hereby authorize students to record sessions of this class, so long as the recordings are not used for any commercial purpose, and not distributed to anyone other than participants in the class.

Coronavirus Contingency Plans

In the event that either state or university guidelines prevent this class from meeting in-person, it will be held online utilizing Zoom or other similar platform. Should this prove necessary, I will inform the class of relevant procedures online. But, to the extent possible, we will observe the same rules and procedures as during in-person sessions.
