Reading(s) & Supplement(s):

Our book contains many study problems. I encourage you to work on your own through all problems in each chapter, as we will go over them in class and I will ask you to solve them. Do not be discouraged as this will be difficult in the first few weeks. By the semester's end, most of you will enjoy it.

Required:

1. Steven D. Walt, Sales Law: Domestic and International: Cases, Problems, and Materials (3rd ed. 2021): ISBN 9781647083120.
2. Complete Text of Articles 1 and 2 of the UCC with Official Comments. I understand that there is an online version at Hein Online.
3. Text of Convention on International Sale of Goods

Recommended:

1. Colin P. Marks and Jeremy Kidd, Mastering Sales (2018)
2. Clayton P. Gillette and Steven D. Walt, Sales Law: Domestic and International (3d ed., 2016) (Concepts and Insights Series)

Course Overview

Students will learn how to use and interpret Articles 1 and 2 of the Uniform Commercial Code and the Convention on the International Sale of Goods.

Course Learning Outcomes

1. Students will obtain and demonstrate a working knowledge of Article 2 of the Uniform Commercial Code.
2. Students will obtain familiarity with the Convention on the International Sale of Goods.
3. Students will have the ability to spot and solve problems relating to transactions in the sale of goods.

Grading Policies

I will base your grade on the final exam. You may bring your copy of Articles 1 and 2 of the Uniform Commercial Code along with the Convention on the International Sale of Goods to the exam. In other words, I will permit you to bring into the exam your statutory supplements and no other materials. Walt's Commercial Law, Selected Statutes is a satisfactory supplement. You may annotate your statutory supplement with any notes that you make on it, but you may not add pages to it.

I reserve the right to increase your grade due to exemplary class participation.

Reading assignments are tentative and subject to revision as the semester progresses.

Classroom Policies

Attendance: Per AR 3-1.4, "maintenance of matriculation requires regular class preparation, participation and attendance, registration in the course of study required for the student's program (full-time or part-time), successive registration for each fall and spring term of each academic year until study is completed, and compliance with all other relevant requirements."

Absences: Per AR 4-1.1, "if a student is absent for any reason for more than 20 percent of the sessions of a course, the student is not eligible for credit in that course. A student who is not present for at least 75 percent of a session of the course is absent from that session."

Participation & Preparation:

I look forward to getting to know each of you. We are having an evening class, which means that we will need to interact with each other, or else we will all find the class boring. Thus, please prepare for every class. I will call on you to discuss the assigned reading material.

Use of Technology & AI:

Strict Use Policy: The use of generative AI tools is not permitted for any coursework in this course. Unauthorized use will be treated as a violation of academic standards.

Use of Electronic Text Books During Exams:

Students are permitted one laptop computer for exam taking purposes. Additional laptop computers or any other electronic data storage devices are not allowed in an exam room, unless permitted by

the course instructor's *written* exam instructions. Electronic text books (e-books) may be used during exams that are designated as open book by the instructor, and the instructor allows text books to be used during the exam and allows access to a student's computer files during the exam (open exam). E-books may not be used in exams where the instructor does not allow students to access their computer files during the exam (secure exam) even if the instructor permits access to text books. If the instructor has blocked access to the internet or computer files, you must bring a hard copy of the allowed text book(s) you wish to consult. Students will need to borrow or otherwise locate a hard copy of the e-book or print resources needed from the e-book to take into the exam room. The instructor determines the length of the examination and whether or not it is secure or open and what, if any, study materials are permitted during the exam. Students are responsible for adhering to the instructor's standards for all examinations, which are included in the examination materials.
